ROBOTICS WORLD CHAMPIONSHIPS

RoboCup 2013, featuring the spectacular Robot Soccer World Cup competition, will be held in Eindhoven, the Netherlands. About 2500 participants from over 40 countries will compete with teams of fully autonomous robots in household and service tasks, rescue operations and of course: football. RoboCup is a great boost for research and development of robotics and artificial intelligence, to support us in our everyday lives in an ageing society. www.robocup2013.org
